Well, for shit's sake, he's been in there for weeks. That's not normal. We need to draw him out. So give me a fucking break, your majesty, I'm just trying to -

Sorry, seriously. I have been tranced by Blood Meridian for the last twenty hours. Best western ever crafted. I'm a slow examiner, so it took me a while, but-

I do not believe we as a worldwide nation will ever come across something this beautiful and ugly. Must be something wrong with this Cormac McCarthy person.

Miss DePlancher. Hope you're doing well. Oh and hey, Carol. And there's Boligard. In his splendor.

What are we doing.

girlfriend, sit the shit down and calm yourself.

we've got new cap, looks pretty good. nicholas stillman's Mr. Frugal. look it over, see what you think. seems good as far as i've examined.

something, and he twists his ass and stomps his boots, and the mirrorball turns overhead, the glittering pips of white light

shrapneling everywhich way]

That's What Girls Are For. He shoves Boligard from the tiles, and he takes a stance on the tiles, thrusting his hips forward]

All right!

I wanna make one thing crystal clear  
When I want an ice old beer  
Get it real quick and say "yes, dear"  
Those are the words that I wanna hear  
Weâ€™ll get along - you will see  
Focus on taking care of me  
You gotta make me a priority  
Cuz Iâ€™m a pretty bitchinâ€™ commodity  
Dear old dad, now heâ€™s dead  
But when he was alive he always said  
"Make those bitches take care of you  
Cause thatâ€™s what women were born to do!"

Thatâ€™s what girls are for  
Thatâ€™s what girls are for!  
Cleaning, baking, hot love making  
Thatâ€™s what girls are for!  
Thatâ€™s what girls are for!  
Taking directions, giving me erections.

okay, wait, man, that's not cool. the ladies are all real sensitive currently, dumbass. you say one wrong fucked up thang and the women will pound your ass like Roman Polanski ruined that thirteen year old's asshole, dude.

okay

You seriously can not go there, Boligard. You can't say "pound your ass", and "thirteen year old" in the same sentence, cousin.

I may be Christ, but I'm pretty sure he can say those two things in one sentence. Roman did kind of ruin her backend. Though there are rumors that she was totally aware and woke, but that's disgusting!

Really wish I had a Java right now.

Carol. If you dare go all "me too" on the Floor, i'm just gonna hav'ta vomit all over myself and then walk out the door. we don't do that here. we can defend ourselves. we can decide what's going to happen in the next few seconds, and we can break noses, and we can exit the area, and we can awe the man or woman with really awesome ripping nasty words that make the villians tilt their heads and make their knees quiver. power. girl, we all have power to make the reality go our way. and we all have the power to make life go their way. we all have power. kindle it, make it yours. you didn't fucking die in that homeless camp because you decided not to die.

don't think me evil, girl. you're better than me, better than evil. not sure how much better.

so did you examine Mr. Frugal?

you're an asshole.

Yeah, I examined Stillman's Mr. Frugal, and it had promise at the get go, but...

It lacked craft, brother. It had a cool plot pool, but it just wasn't good enough craftwise. I'm gonna toss it out the Porthole. Though it was close, and the VC should just hone his craft, right?

I hate it when a cap is good but bad!

I've been sitting on this for a while, a day or hour.

Girl on a Train crafted by Fallen Matthews.

Nope. This cat can't craft, cousins.

girl, you've years to go, and i do love the shit out of you but you must calm the shit down. what we need is a taco night, right? a bowl of shredded lettuce, a bowl of roasted pork, a bowl of roasted fowl, and a bowl of shredded cheese, an opened jar of hot peppers and some real honest tortillas. and i'm making my mouth get all wet. hah.

but you are right, sister. the VCs don't know what Goodstuff is. these casual VCs are people that walk around in silk underwear under their thousand dollar miniskirts, texting important texts to important higher ups and tweeting with celebs, ordering their regular at the sport's bar for lunch, and then returning to work happy as a beetle in a pile of shit. on rare occasion, we will come upon a VC of unusual talent. and that's the VC we will focus on, savvy? the job we have is

---

layered with patience, and that patience is hit on and boxed by braggarts and fake news, hah, and and the puppets of the new elite creatives.

All's I'd need now is some David.

China Town Carol shakes her ass and stomps her boots. She swings her ass left and right, slams her head up and down. And then she calms her movements. She kneels on the tiles, she goes cross-legged, looking all Zen. The music fades, dies. She breathes deep, and after a few beats she exhales]

I think you're talking crazy, Boli. But I do believe the elite creatives are up and perked and among us. Which is fucking scary. So maybe...

I don't think you're crazy.
